## Message

**PRIME MINISTER**  
**GOVERNMENT OF THE PEOPLE'S REPUBLIC OF**  
**BANGLADESH**

**24 Agrahayan 1430**  
**09 December 2023**

I am happy to know that the Federation of Bangladesh Chambers of Commerce and Industry (FBCCI) is organizing its Annual General Meeting (AGM) for the year of 2022-23.

The Greatest Banglaee of all time, Father of the Nation Bangabandhu Sheikh Mujibur Rahman rebuilt the war-ravaged country in just three and a half years of independence and turned it into a Least Developed Country (LDC). Following the footsteps of the Father of the Nation, we have made incredible socio-economic progress in every field and become the 'Role Model' of development in the world during our last 15 years. During this period, Bangladesh has graduated from a least developed country to a dignified 'Developing' nation. Per capita income increased to US\$ 2765 now from US\$ 543 in 2005-06. We have reduced the poverty rate from 41.5 percent in 2006 to 18.7 percent and the extreme poverty rate from 25.1 percent to 5.6 percent. Bangladesh has witnessed a phenomenal rise in exports, with figures reaching to \$55.55 billion in the fiscal year 2022-23, compared to \$15.6 billion in 2008-2009.

The Awami League government has emphasized the role of the private sector in our socio-economic development. Our large domestic markets, strategic location, high profitability, demographic dividend and conducive policy incentives have rendered Bangladesh as one of the most preferred investment destinations in the world. Our government has recognized the logistics sector, fourth industrial revolution related sectors and tourism sector as industries in the National Industrial Policy 2022 to attract local and foreign investments. New schemes have been formulated to attract investments in larger volumes in the blue-economy sector. Bangladesh would become the world's 9th largest consumer market by 2030 and the estimated GDP per capita will be \$5,880 by 2040.

Bangladesh is moving forward, and our shared vision remains clear, to create a self-reliant, technologically advanced, and socially inclusive country. To achieve this vision, we must continue to work hand in hand, fostering an environment that encourages entrepreneurship, embraces innovation, and promotes sustainable development. I would like to thank the FBCCI for their tireless efforts in bolstering the economic growth of the country. Initiatives like the Bangladesh Business Summit 2023, Best of Bangladesh Expo, and Business Conference on Building Smart Bangladesh have received recognition from both domestic and international enterprises which, I hope, will contribute to the growth and development of Bangladesh's economy.

I urge all the members of the FBCCI to actively engage with the government in shaping policies that will propel our nation toward a vibrant economic prosperity.

I wish the FBCCI Annual General Meeting a grand success.

Joi Bangla, Joi Bangabandhu  
May Bangladesh Live Forever.

  
**Sheikh Hasina**

3. **To receive and pass the Audited Accounts of the FBCCI for 2021-22.**
4. **To appoint Auditor/Auditors for 2022-23 and fix their remuneration.**

The meeting began with recitation from the Holy Quran by Hafez Mawlana Muhammad Nazmul Islam. Before starting agenda-wise discussion, the munajat was offered for salvation of departed souls of the members of the business community who died recently.

The meeting started with playing National Anthem and paying tribute to the father of the nation Bangabandhu Sheikh Mujibur Rahman and the "Heroic Freedom Fighters". The house also conveyed deep condolence to the martyrs and the bereaved family members. One minute silence was also observed in honor of the departed souls of all deceased members of FBCCI.

### **Agenda-1: To confirm the Minutes of the Annual General Meeting: 2020-21 held on December 28, 2022.**

Secretary General of FBCCI read out the decisions of the Annual General Meeting-2020-21 held in the morning of December 28, 2022.

President of FBCCI proposed that if there was no objection, the Minutes might be treated as read and confirmed.

As there was no comment on the Minutes, Mr. Md. Shahidul Islam (Niru) of Bangladesh Chamber of Industries proposed to confirm the Minutes and Mr. Mohd. Shah Alam Sarker of Bangladesh Security Services Companies Owner's Association seconded the proposals.

**Decision: The Minutes of the Annual General Meeting-2020-21 held on December 28, 2022 at 10.30 am were confirmed unanimously.**

### **Agenda-2: To receive and adopt the Annual Report of the FBCCI for 2021-22.**

Secretary General of FBCCI mentioned that the Annual Report of FBCCI for the year 2021-22 was circulated among the members. He requested the President of FBCCI to highlight the salient features of the relevant issues and activities of the outgoing year.

The President of FBCCI said that, the present Board of Directors started its journey on May 20, 2021 with a vision to pursue a number of important goals. At the outset of our voyage, the Board adopted a plan for 100 days of fast-track initiatives. Most of the 100 days programs were successfully completed. He thanked the members of the Board of Directors including the Senior Vice-President and the Vice-Presidents for shouldering their responsibilities wholeheartedly while executing the plans and programs successfully. He also thanked the General Body Members for their support and cooperation in helping us to achieve our goals.

FBCCI President mentioned that, FBCCI organized the Members' Night-2022 in honour of the general body members at the International Convention City of Bashundhara, Dhaka on July 2, 2022. Among the former Presidents, Mr. Salman F. Rahman, Mr. M A Sattar, Mr. Mahbubur Rahman, Mr. Mir Nasir Hossain, Mr. A.K. Azad, Mr. Abdul Matlub Ahmad, Mr. Sheikh Fazle Fahim were present at the programme. They expressed their views and recalled their memories during their tenures at FBCCI. FBCCI's 50 years' logo and 'FBCCI YEARBOOK 2022' highlighting the activities of the first year of the current board were also unveiled during the event.

To uphold the spirit and philosophy of the father of the nation Bangabandhu Sheikh Mujibur Rahman, the present board of the FBCCI set up Mujib Corner at FBCCI. A lounge for FBCCI Directors has been set up next to Mujib Corner. Dr. Hasan Mahmud MP, Hon'ble Minister of Information and Broadcasting as the Chief Guest inaugurated the Mujib Corner.

FBCCI President stated that, a high-level business delegation led by the President of FBCCI undertook a 4-day visit to India from September 5 to September 8, 2022 as entourage of the Hon'ble Prime Minister Sheikh Hasina. During the visit, the delegation participated in a number of meetings and seminars along with top business leaders and apex chambers of India.

A high-level business delegation led by the FBCCI President also visited the UK and USA as entourage of Honourable Prime Minister Sheikh Hasina during September 20-28, 2022. During the US visit, the delegation attended the 77th UN General Assembly session in New York. The delegation members also attended a number of events to promote bilateral trade and investment.

FBCCI has signed a MoU with Greater New York Chamber of Commerce and Industry with a view to facilitating mainstream trade and investment between Bangladesh and the USA. The signing ceremony took place during a seminar titled 'Bangabandhu's Vision and Bangladeshi Immigrant Day' held on September 25, 2022 in New York, USA. A booklet named "Bangladeshi Immigrant Day and Trade Fair 2022" was published on this event held on 23 to 25 September, 2022 in New York, USA.

FBCCI hosted the largest and historic business delegation from the United States to have come to Dhaka and organized US-Bangladesh Business Summit jointly with US-BBC on May 09, 2022. Hon. Commerce Minister Mr. Tipu Munshi, MP as the Chief Guest attended the summit and called US companies for investing in Bangladesh. A Memorandum of Understanding (MoU) was signed between the FBCCI and the US-Bangladesh Business Council to strengthen bilateral trade & investment between USA and Bangladesh for the first time.

FBCCI Business Delegation led by President of FBCCI visited UK during December 4-9, 2022 to attend the Commonwealth Trade & Investment Summit organized by CWEIC held in London.

As an instant reaction on the proposed budget for the FY 2022-2023, FBCCI has given positive response to the Government to prepare a business-friendly budget, as it has addressed the challenges of post-pandemic economy and devised additional pro-people measures. FBCCI also praised the target to contain the inflation rate within 5.6%.

FBCCI termed the proposed national budget as development and welfare oriented during a press conference. FBCCI thanked the Hon'ble Prime Minister Sheikh Hasina for a development-friendly budget amid a volatile global situation and to navigate the country towards development and prosperity on the national budget for FY 2022-23.

FBCCI Board urged the government to abolish the AIT, AT and Source Tax imposed in the proposed budget as the federation felt that commendable reduction in corporate tax would not yield benefits due to AIT, AT and Source Tax. As the proposed budget kept the tax-free income unchanged, the FBCCI called for raising the ceiling of tax-free income level to Taka 4 lac from the existing Taka 3 lac.

FBCCI Board welcomed the proposal for imposing same tax structure on all export-oriented sectors, 5% VAT on all types of restaurants, withdrawal of AT on imported machineries and parts for Poultry farms, reducing import duty on poultry feed, 50% VAT reduction on manmade fiber, 2% reduction of import duty on HR Coil and Zinc Alloy. FBCCI believed the proposed budget would become more business-friendly, pro-investment and pro-revenue at the press conference.

FBCCI President also mentioned that, FBCCI has submitted various recommendations and proposals to different Ministries, Bangladesh Bank, NBR, and other relevant authorities addressing & mitigating the different problems and impediments that the business community faced in order to facilitate trade, commerce and industrial activities.

FBCCI President personally met as well as wrote letters to the Cabinet Secretary, Principal Secretary to the Honorable Prime Minister, Senior Secretaries and Secretaries of different Ministries including Prime Minister's office, and the Chairmen of sectoral corporations like Bangladesh Investment Development Authority, Bangladesh Economic Zones Authority, in order to mitigate the challenges that were prevalent. He has also attended a number of meetings on different issues related to trade, economy, development of private sector, etc, chaired by Hon'ble Prime Minister and other concerned Ministers. The Board of FBCCI also met with the Governor of Bangladesh Bank. Issues regarding interest rate, non-performing loan, access to finance of SMEs, moratorium of credit facility etc. were discussed in the meeting.

FBCCI has also organized a number of discussion meetings with the Hon'ble Ministers for Finance, Planning, Commerce, Industries, Information and Broadcasting, Advisor to the Hon'ble Prime Minister for Power, Energy and Mineral Resources, Adviser to Honorable Prime Minister for the Private Sector Industry and Investment, NBR Chairman through which we have been able to highlight our issues and have called for their intervention and support to the business community as appropriately required. The Heads and representatives of the member bodies have also taken the initiative to interact directly with the Ministers in these meetings.

FBCCI also utilized various forums, seminars, conferences, roundtables, etc. organized by other organizations to present the views and suggestions of the concerning business community.

At present context of globalization and increasing international linkages, FBCCI took the initiative of joining fairs, conference and many rounds of discussion meetings and B2B meetings held in different countries in the world. In this regard FBCCI President, Senior Vice President and Vice presidents led various business delegations and attended business events and fairs and signed MoUs with its counterparts and other trade development organizations of different countries and states which are or could be important trade partners of Bangladesh including Dubai, Morocco, USA, FPCCI, Geneva, Brazil, North East India, Indonesia and UK.

FBCCI also took the initiative of organizing many rounds of discussion meetings and B2B meetings with Foreign Delegations with a view to engage in more trade, investment and successful business partnerships in Bangladesh. ## Annual Report 2022-23

Bismillahir Rahmanir Rahim

### **Esteemed Members of the General Body and My Colleagues in the Board of Directors of FBCCI**

#### **Assalamu Alaikum,**

It is indeed a great honor and privilege for me to welcome you all to the Annual General Meeting (AGM) 2022-23 of the Federation of Bangladesh Chambers of Commerce and Industry (FBCCI).

As required by the Companies Act and the Articles of Association of FBCCI, we have all gathered here to take account of the FBCCI activities and proceedings of the year 2022-2023.

The agenda of today's AGM include conducting the business of the FBCCI, approving minutes of the last AGM, reporting various activities of FBCCI like- advocacy, business promotion meetings & events, CSR, etc. for the year and presenting audited Accounts which have been compiled and completed to prepare the Annual Report.

From the Board of the Directors, we extend our thanks and heartfelt gratitude to the General Body Members of the FBCCI for their participation in the AGM. In fact, your presence today has given us a special opportunity to get meaningful advice and feedback to fulfill our mission as a team and to strengthen our organization at its best.

At the outset, I would like to express our deep regrets at the sad demise of some vital members of the FBCCI family. We pray to the Almighty for their departed souls and wish them peace in the other world. We fondly recall their meaningful and important contributions towards FBCCI and their selfless services rendered to the business community and the nation.

As you are aware, the present Board of Directors of FBCCI for the term 2023-25 started their journey on August 14, 2023 with the aim to materialize a number of important goals. Those goals include a prosperous and solvent Bangladesh, a vibrant business community, a techno-savvy skilled workforce, environment-friendly green industrialization, increased participation of women in trade and business and hassle-free, automated service processes for businessmen. FBCCI would like to see that one stop services for business people have been introduced in every service delivery points in cooperation with the government.

You know that the government has set Vision-2041 to transform Bangladesh into a developed and SMART nation by 2041. The newly elected board of FBCCI-the apex trade organization of Bangladesh, endorses and envisages the vision of our Hon'ble Prime Minister Sheikh Hasina. All the functions this board intends to perform during this tenure will be directed towards transforming FBCCI into a Smart FBCCI, and in doing so, we have taken initiative to provide Smart Cards to our GB members, which will help them to get special privileges and services in different business outlets.

Alongside this, we have started publishing monthly E-bulletin for FBCCI and this monthly E-bulletin brings out FBCCI's activities and related developments on a regular basis, reflecting our views and positions on various aspects of trade, commerce, and industry.

Another initiative in this drive of becoming SMART is the introduction of FBCCI's website as a dynamic, user-friendly and interactive website. Useful telephone numbers along with names and addresses of all the chambers and associations have been enlisted here, which will help members to locate and communicate with each other easily and effortlessly. To make two-way communication and remove dilatoriness, FBCCI

website is made interactive to submit applications online and offline. This will provide better services to our members and directors as this will keep them posted about developments. Our members can also give opinions/views/recommendations to draw attention of our president, vice presidents and the secretariat through this website.

During the last three months, we have also arranged and joined meetings with the Hon'ble Prime Minister's Private Industry and Investment Adviser, Hon'ble Commerce Minister, the Governor of the Bangladesh Bank, the Foreign Secretary, Ambassador of the United Arab Emirates (UAE) to Dhaka, the French President, Ambassador of Vietnam, Japanese Ambassador to Bangladesh, Turkish Ambassador to Dhaka, the president of the National Assembly of the Socialist Republic of Vietnam, Ambassador of EU, High Commissioner of India, President of ICC, Japanese business delegation, delegation from Islamic Organization for Food Security (IOFS), Australia-Bangladesh Business Forum (ABBF) and delegation from Nepal.

Important discussion meetings on Jute sector and Export Earnings were also held during the month of October 2023. We have also attended different seminars and conferences of national and international importance. I have led FBCCI delegation to attend the meeting of Saudi-Bangladesh Joint Business Council. The delegation also had meetings with Riyadh and Jeddah Chambers of Commerce and Industry.

It is worth mentioning that the FBCCI Innovation and Research Center has started its journey with a view to providing services to its member, increasing private sector contribution, and encouraging start-ups and freelancers to start their businesses.

The Board members including the Senior Vice President and the Vice Presidents have been performing their duties in a commendable manner. I thank my fellow colleagues and the Board of Directors for discharging their duties and responsibilities gracefully and executing our common plans of actions aptly and efficiently. I believe that culmination of so many brilliant minds and contribution such great hearts we shall be able to march in the right direction, which our predecessors have shown and by the grace of the Almighty shall be able to put our stamp in the wellbeing of our community and the nation.

As you all know, it has only been 3 (three) months since we resumed our duties and responsibilities. A period of three months is not very long enough to embark on any big endeavor. Nevertheless, our record is remarkable, and we take pride in what we have accomplished and below we like to highlight some of those:

### **For FBCCI, the Most Notable Events of the Year 2023**

#### **Inauguration of FBCCI Extended Office at Gulshan**

FBCCI's extended office at Gulshan started its journey on 9th October, 2023 to speed up the operations in a cost-effective manner. This has been a timely initiative to further strengthen the relationship with different international diplomatic and development agencies. Most corporate offices and business establishments as well as the head offices of most of the financial institutions are located in Gulshan and the huge rush of traffic make it difficult to arrange crucial meetings in time. That is why FBCCI's new office at the very heart of the corporate area will definitely pave the way for better and smoother communication with our development partners, delegates and mission representatives.

#### **Celebration of the 50th Anniversary of FBCCI**

To celebrate the 50th anniversary of the establishment of the Federation of Bangladesh Chambers of Commerce and Industry (FBCCI), the Bangladesh Business Summit 2023 has been organized for three days from 11-13 March, 2023 under the slogan "On the Path to Trillion Dollar Economy". The international summit was inaugurated by the Hon'ble Prime Minister H.E Sheikh Hasina, MP on March 11, 2023 at the Bangabandhu International Conference Center in Dhaka.

Hon'ble Commerce Minister, Hon'ble Foreign Minister, Chairman of the BIDA, Deputy Director-General of the WTO, diplomats, and representatives of various multilateral organizations, business enterprises from home and abroad were present at the inaugural ceremony of the summit. More than 300 foreign participants attended the Summit.

Total 3 plenary and 14 parallel sessions on different sectoral and economic issues were organized during the event. 10 individuals and organizations were awarded with the "FBCCI Business Excellence Award" in the closing session for their contribution towards the country's economy.

### **Business Conference on Building Smart Bangladesh**

FBCCI organized 'Business Conference on Building Smart Bangladesh' focusing on the private sector's role in building Smart Bangladesh. Hon'ble Prime Minister of Bangladesh H.E Sheikh Hasina, MP was present at the conference as Chief Guest. The conference was held at Bangabandhu International Conference Center (BICC) on 15th July, 2023. Top corporate companies of the country, foreign investors, top business leaders, general body (GB) members from chambers and associations of FBCCI attended the conference.

### **Members' Night of FBCCI 2023**

FBCCI hosted the 'FBCCI Members Night 2023' in honor of its General Body (GB) members on 22 July, 2023 at the International Convention City Bashundhara (ICCB). Business Leaders and dignitaries as well as leaders of various chambers and associations from all across the country attended the program. It was a great gathering for the members to exchange views and show them ideas.

### **My Dear General Body Members,**

The true output of our efforts and contribution as the private sector is reflected in our macro-economic performance and national budget. Therefore, I would like to remark very briefly on these two issues.

### **Macro-Economic Performance of Bangladesh**

Bangladesh has continued a positive economic growth of 6.03% in FY 2023. We have achieved 6.67% export growth worth of US\$ 55.55bn in FY 2022-23. Imports decreased by 15.81% standing at US\$ 75.06 bn.

Under the visionary leadership of our Hon'ble Prime Minister, the architect of digital Bangladesh, the Govt. is poised to implement SDG goals by 2030, Vision-2041 and the 100 Years Delta Plan-2100. The ultimate goals of these plans and programs are to turn Bangladesh into a developed, smart, and vibrant Bangladesh.

To fulfill her father's dreams, our Hon'ble Prime Minister is determined to improve the lives and livelihoods of millions of Bangladeshis. The father of our nation, Bangabandhu Sheikh Mujibur Rahman gave us political independence and Prime Minister Sheikh Hasina is working relentlessly for the economic emancipation and welfare of the Bangladeshis. Her efforts are now visible as Bangladesh turns into a prosperous, happy and Sonar Bangla.

Hon'ble Prime Minister Sheikh Hasina, the daughter of our great leader Bangabandhu Sheikh Mujibur Rahman, undertook Special Initiatives to ensure the overall development of society, welfare of the under-privileged and downtrodden people. Some of the initiatives are: Electricity for All, Women Empowerment, Education Assistance, Social Safety Networks, Universal Pension Scheme, Ashrayan Prokalpo, Community Clinic, Subsidized OMS Food Sale by TCB etc.

To bring Bangladesh into the highway of development, the present Govt. has a number of on-going development projects to facilitate investment, which are deep seaport at Matarbari, Cox's Bazar, 100 Special

Economic Zones, Hi-Tech parks, tourism parks, Nuclear Power plant, LNG terminal and construction of infrastructure including roads and rails to improve the country's transportation and communication system.

We have already inaugurated and implemented mega development projects like- Padma Bridge and Padma Rail Link Project, The Bangabandhu Tunnel, Dhaka Elevated Expressway, Metro Rail, Third terminal of Hazrat Shahjalal International Airport and so on.

Bangladesh has crossed the milestone of \$55 billion in exports in 2022-23. Following this trend, we are working to develop competitiveness to achieve the trillion-dollar journey of our economy and to earn our target export worth of US\$ 300 billion by 2041. To reach this target we need to focus on market and product diversification.

Bangladesh is becoming an attractive investment hub for industry diversification, integration of industry value chain and export market expansion. To attract the local and foreign investors, the Government of Bangladesh has enacted favorable investment policy with tax exemption, duty drawbacks, access to working capital, one stop services and many more.

Our position of RMG industries as the second largest exporters to the world and other 22 agricultural sectors secured to ten positions globally including the production of jute, rice, vegetables, potato, jackfruit & guava has proven the excellent production capacity of Bangladesh.

If we look back, we can see that on March 7, 1971 the Father of our Nation dreamt of an independent Bangladesh and it became a reality on December 16, 1971. Following his path, on December 12, 2008 our Hon'ble Prime Minister's dream was a Digital Bangladesh and her dream turned into reality on December 16, 2021.

And finally, now we are hopeful to witness the newly announced dream of our Hon'ble Prime Minister of Smart Bangladesh to become reality on December 16, 2041. Smart Bangladesh is all about establishing an equitable nation with equal rights, equal opportunities, with no marginalized groups. Hon'ble Prime Minister has identified 4 key pillars in achieving the Smart Bangladesh- Smart Citizen, Smart Government, Smart Society & Smart Economy. This ambitious socio-economic plan outlined by Bangladesh in the 2021-41 perspective plan suggests that Bangladesh will need to make the transition from "Digital" to "Smart".

From an investor's perspective, efficiency and effectiveness in the logistics management system have been treated as the key factors in considering an investment decision. To achieve the targets for export diversification, employment generation, increasing investment and FDI we need more concentration on the development of our existing infrastructure.

We believe that integration to global supply chain, adaptation of circular economy concept, formulation of waste management policy, port development initiatives and automation, fulfilling the rising demand for hundred economic zones, multimodal transport strategies and massive infrastructure development projects will contribute towards sustaining our graduation.

For that the quality of growth should be enhanced by taking balanced trade policies and making reforms to tariff structure. Consideration needs to be taken on the long-term negative impact of natural calamities and global economic instability in preparing trade policies.

## Budget of FY 2023-2024

Government declared National Budget of Tk. 7,61,785 crore for the fiscal year 2023-2024 on June 01, which was around 15.33% bigger from the revised Budget of fiscal year 2022-23. The GDP growth was targeted 7.5% and annual average inflation is expected to stand at around 6.0%. The Budget was adopted in the National Parliament on June 26 with some changes to the tax-duty and Value Added Tax (VAT) proposals and aiming at higher growth, lower inflation, lower interest rate, stable exchange rate and gearing up investment.

The revenue receipt for FY 2023-24 is estimated at Tk. 5,00,000 crore (9.98% of GDP). NBR tax revenue is estimated at Tk 4,30,000 crore (8.58% of GDP). The revenue collection target from non-NBR sources has been set at Tk. 20,000 crore (0.4% of GDP). The non-tax revenue collection target has been set at Tk. 50,000 crore (1% of GDP).

The ADP size has been fixed at Tk. 2,63,000 crore (5.25% of GDP) including allocation for projects to be implemented through self-finance of autonomous bodies. ADP allocations have been estimated giving priority to enhancing regional capacity, developing human resources and overall agriculture and rural development, ensuring power & energy, infrastructure, transport sector and other social security. Budget deficit for the next year is estimated to Tk. 2,61,785 crore, which is 5.2% of GDP.

## Reactions of FBCCI on Budget for 2023-2024

As an instant reaction on the proposed budget for the FY 2023-2024, FBCCI has given its positive response to the Government and thanked the Hon'ble Prime Minister Sheikh Hasina, MP to prepare a business-friendly budget, as the budget has addressed the challenges of rising inflation, declining of foreign reserves and revenue mobilization.

FBCCI called the proposed national budget as development and welfare oriented budget at a press conference. The FBCCI Board urged the government to tame inflation, improve trade balance, stabilize foreign currency exchange rate, increase reserves, increase crude oil collection and international natural gas and control the price hike of necessary commodities which affects the poor and middle income people. FBCCI also highlighted the challenge of budget implementation which require good governance, proper monitoring, increase investment and production to achieve desired revenue through business-friendly revenue management.

In addition, FBCCI welcomed the increased power and energy allocation but expressed concerned about allocations in health, agricultural and education sectors. The FBCCI Board welcomed the increase in the initial threshold for tax-free income and the proposal to introduce an environmental surcharge for multiple car owners, but suggested excluding corporate entities that need multiple vehicles for operations. FBCCI believes the proposed budget would be more business-friendly, pro-investment, and pro-revenue.

## Important Events and Activities of FBCCI

### Dear colleagues,

With a note of optimism, I am happy to state that we have had a notable and successful year since the last AGM in December, 2022. All of your consistent support and diligent contributions in the various activities of the FBCCI have been a source of inspiration and guidance for the FBCCI Board in reaching some of our successes.

FBCCI's recommendations to concerned Government Organizations/ Ministries/divisions for removal of problems, impediments and the development of trade, commerce and industry;

FBCCI has submitted various recommendations and proposals to Hon'ble prime Minister, different Ministries, Bangladesh Bank, NBR, BIDA, BSEC, and other relevant authorities addressing & mitigating different problems and impediments that the business community faced in order to facilitate trade, commerce and industrial activities.

### **FBCCI Standing Committees**

The previous board of FBCCI formed 78 Standing Committees in FBCCI to rightly reflect FBCCI's role in the affairs of the business community with the recommendations from concerned stakeholders. A notable number of meetings were arranged through these committees to address the sectoral issues and problems needed to be solved. Recommendations were accumulated through a publication and already is sent to the relevant ministries for taking necessary actions. The present board is also working to setup new standing committees for the term 2023-2025.

### **Establishment of Bangladesh Private Sector Working Committee (BPSWC)**

Bangladesh Private Sector Working Committee (BPSWC) was established on 28 May, 2023 by FBCCI-BEF-UNRC to carry forward, expedite, facilitate, and enable the implementation of the national SDG agenda, vision 2031-2041, the delta plan and smooth transition strategy for graduation from LDC status, in the context of continued Covid19 and growing geopolitical concerns, in coordination and close liaison with Government of Bangladesh. The affairs and functions of BPSWC will be carried out by a 19-member committee of BPSWC consisting of private sector stakeholders, line Ministries & Agencies of the Government and the respective UN Agencies. BPSWC has constituted five Thematic SDG Working Committees (5-SDGWCs) consisting of private sector stakeholders, Line Ministries & Agencies of the Government, and the respective UN Agencies to provide comprehensive private sector perspective on the SDGs with appropriate time bound implementation plan to BPSWC.

### **Panel of Advisors**

FBCCI formulated its Panel of Advisors comprising retired government senior officials, researchers, industrialists, women entrepreneurs, academia and media personalities for strengthening private sector contribution. Two discussion meetings were held with the advisors to take stock of prevailing economic situation in Bangladesh.

## Strengthening of FBCCI Secretariat

Four high level officials with vast experience in the government services have been recruited as Secretary General, Consultant of International Affairs, Advisor of FBCCI Safety Council, and CEO of FBCCI Research and Innovation Centre. A number of junior and mid-level officials have also been recruited to strengthen the capacity of FBCCI Secretariat.

## Activities of FBCCI Safety Council

The FBCCI Safety Council is a body that works to improve workplace safety at the factories under different chambers and associations in Bangladesh. It collaborates with the Bangladesh Investment Development Authority (BIDA) and the International Labor Organization (ILO) to conduct various activities related to decent work and occupational safety and health (OSH). In the year 2022-2023, the FBCCI Safety Council achieved the following milestones:

It established 16 safety cells in 16 selected chambers and associations, which co-operated with the FBCCI Safety Council in nominating trainers, arranging training, and reaching out to the presidents and board of directors of the respective chambers and associations. The council organized a workshop on "Basic OSH & OSH Management System" for 100 participants from 16 chambers and associations, where they learned about the importance of OSH and how to implement it in their workplaces. The council prepared 74 master trainers through two training of trainers (TOT) programs on fire safety and the responsibilities of the safety committee, who then delivered factory-level training to more than 3000 workers in 79 factories across Bangladesh. The workers were trained in fire safety, rescue, first aid, and how to use a fire extinguisher. Safety Council has also formed more than 300 safety committees in different factories under the selected chambers and associations and trained them on their roles and responsibilities through 38 training programs. It celebrated Occupational Health and Safety Day (28 April) at 20 selected chambers and associations, raising awareness and promoting best practices on OSH among the stakeholders.

It also formed an expert panel on electrical, structural and fire safety to provide technical support to 19 risky factories identified by the combined inspection cum survey team led by BIDA. The expert panel visited the risky factories twice and provided safety suggestions for improving their working environment. The FBCCI Safety Council also offered training on fire safety and the responsibilities of the safety committee to these factories and followed up on their progress. The FBCCI Safety Council has also started a project on electrical and chemical safety with the support of GIZ from May 2023 to April 2024, aiming to enhance the capacity of the factories on these aspects of OSH. This Safety Council is committed to continuing to ensure a safe and healthy workplace for all workers in Bangladesh.

### **Notable CSR Activities of the year 2023**

- FBCCI has handed over a cheque of Tk 1 Crore in grants to rehabilitate the traders who have faced damages by the fire incident at Bangabazar clothing market in Dhaka. The cheque was handed over to the Bangabazar Complex Dokan Malik Samity on May 27, 2023 at the FBCCI Icon, Dhaka.
- FBCCI took the initiative of distributing blankets in many areas of the capital to alleviate the winter sufferings of old-stricken underprivileged people.

### **My Dear Colleagues,**

It has been our endeavor to uphold the norms and values of the organization and steer the activities of FBCCI for the welfare of the business community all over Bangladesh. We could not have done that without the general body member's valuable support, advice, recommendations, suggestions and opinions. We gratefully acknowledge your contributions and sincerely thank you all from the core of our hearts.

I would also like to thank the chairmen, co-chairmen and members of the standing committees for their sincere efforts to hold the meetings and to prepare the necessary recommendations for the wellbeing of the business community of the country.

I also thank the FBCCI Secretariat for extending all out support to accomplish all the important tasks and events. I must especially thank the members of the print and electronic media for their support and cooperation in promoting the cause of private sector development and projecting the interest and image of our esteemed organization.

May, I also take the opportunity to extend our most sincere thanks to all the former presidents and former vice presidents of FBCCI for being with us on all important occasions and providing us valuable guidance.

I must thank various government officials and offices for their support in many of the initiatives of the FBCCI. I take the opportunity to thank the present government for their fullest cooperation and patronage in all our good efforts.

Above all, I once again thank all the members of the general body of the FBCCI without whom it would have been indeed a very difficult task to carry out this program meaningfully and successfully.

Thank you all once again.

Allah Hafez.

**Mahbubul Alam**  
President, FBCCI

**Independent Auditor's Report to the Members of  
The Federation of Bangladesh Chambers of Commerce & Industry (FBCCI)  
Qualified Opinion**

We have audited the financial statements of The Federation of Bangladesh Chambers of Commerce & Industry (FBCCI) which comprise the Statement of Financial Position as at 30 June 2023, the related Statement of Comprehensive Income, and Statement of Cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the accompanying financial statements present fairly, in all material respects, the financial position of the Federation as at 30 June 2023, and its financial results and its cash flows for the year then ended in accordance with the International Financial Reporting Standards (IFRSs).

**Basis for Qualified Opinion**

- 1 As per the Companies Act 1994, section 181 Every company shall keep proper books of accounts with respect to a) all sums of money received and expended by the company and the matters in respect of which the receipts and expenditure take place, b) all sales and purchases of goods by the company, c) the assets and liabilities of the company. We observed that the federation maintained only receipts and payments accounts in excel form and no ledger accounts maintained by the entity which resulted in non-compliance of above said section of the Companies Act 1994. Due to unavailability of ledger accounts, we were not able to confirm the opening balance of assets, liabilities, fund balance.
- 2 Referring to note number 4 of financial statements, the Federation reported fixed asset amounting to Tk. 286 million out of which we did not find any books of accounts like ledger, fixed assets register, or physical verification report from the management. Therefore, we could not confirm the existence of those assets reflected in the financial statements of the Federation.
- 3 No Statutory filling has been made to the Register of Joint Stock Companies and Firms since 2012

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the Financial Statements section of our report. We are independent of the Federation in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and ICAB by laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

**Responsibilities of Management for the Financial Statements and Internal Controls**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with IFRSs, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Federation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Federation or to cease operations, or has no realistic alternative but to do so.

Management is responsible for overseeing the Federation's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud and error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As a part of audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Federation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Federation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Federation to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transaction and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

“B” Class Association	28,000

### 1.05 Sources of income

FBCCI derives majority of its revenues from its membership (Chamber and Association) fees, donations, sponsorship advertisement, rent and other services provided to the members.

### 1.06 Management and reporting

A duly constituted board oversees the activities of the association. Meeting of the board is held usually once a month, where financial statements and operational reports are submitted for board approval and recommendations.

### 2.00 Statement of compliance and basis for preparation of financial statements

The financial statements have been prepared on a going concern following accrual basis of accounting and in accordance with International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs). The financial statements are prepared on the historical cost basis and presented in Bangladesh Taka (Tk.) rounded to the nearest taka.

### 2.01 Use of estimates and judgments

The preparation of the financial statements in conformity with IASs and IFRSs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Property, plant and equipment  
Account receivable

### 2.02 Going concern

The Association has adequate resources to continue its operation in foreseeable future. For this reason management continues to adopt going concern basis in preparing the financial statements.

### 3.00 Summary of significant accounting policies

The specific accounting policies selected and applied by management for significant transactions and events that have material effect within the framework of IAS-1 “Presentation of Financial Statements”, in preparation and presentation of financial statements have been consistently applied throughout the year and were also consistent with those used in earlier years.

For a proper understanding of the financial statements, these accounting policies are set out below in one place as prescribed by the IAS-1 “Presentation of Financial Statements”. The recommendations of IAS-1 relating to the format of financial statements were also taken into full consideration for fair presentation.

### 3.01 Property, plant and equipment

#### i) Initial recognition

Property, plant & equipment are measured at cost less accumulated depreciation.

Items of property, plant, and equipment are recognized as assets when it is probable that the future economic benefits associated with the asset will flow to the entity, and the cost of the asset can be measured reliably. This recognition principle is applied to all property, plant, and equipment costs at the time they are incurred. An item of property, plant and equipment is initially measured at cost. Cost includes all costs necessary to bring the asset to working condition for its intended use.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

### ii) Subsequent expenditure

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the association and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognized in the statement of comprehensive income as incurred.

### iii) Depreciation

Depreciation is charged on all items of property, plant and equipment except land on reducing balance method. Full year's depreciation is charged for the year of acquisition.

The depreciation rates used for the current and comparative years are as follows:

<u>Asset Category</u>	<u>Year ended 2023</u>	<u>Year ended 2022</u>
Building	2.50%	2.50%
Furniture	10.00%	10.00%

### 3.02 Foreign currency

Transactions in foreign currencies are translated into Taka at the rates prevailing on the dates of the transactions. Monetary assets and liabilities in foreign currencies at the date of statement of financial position are retranslated into Bangladesh taka at the exchange rate prevailing on that date. All exchange differences are recognized in the statement of comprehensive income.

### **3.03 Financial instruments**

#### **i) Non-derivative financial assets**

The association initially recognizes accounts & other receivables on the date that they are originated. All other financial assets (including assets designated at fair value through profit or loss) are recognized initially on the trade date at which the association becomes a party to the contractual provisions of the instrument.

The association derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the association is recognized as a separate asset or liability.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the association has a legal right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

Financial assets include accounts & other receivables, advances, deposits and prepayments, and cash and cash equivalents.

#### **Investments in fixed deposit receipts (FDR)**

FDRs are classified as held to maturity instruments.

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments that an entity intends and is able to hold to maturity and that do not meet the definition of loans and receivables and are not designated on initial recognition as assets at fair value through profit or loss or as available for sale. Held-to-maturity investments are measured at amortized cost.

#### **Accounts & other receivables**

Accounts & other receivable are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, accounts & other receivable are measured at amortized cost using the effective interest method.

#### **Cash and cash equivalents**

Cash and cash equivalents include cash in hand and cash at banks which are held by the association without any restriction.

#### **ii) Non-derivative financial liabilities**

Liabilities (including liabilities designated at fair value through profit or loss) are recognized initially on the trade date at which the association becomes a party to the contractual provisions of the instrument.

The association derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire.

Financial liabilities include liabilities for expenses, excess deposit, liability against coupon sales, staff benevolent fee and membership deposit.

The association recognizes a financial liability when its contractual obligations arising from past events are certain and the settlement of which is expected to result in an outflow from the entity of resources embodying economic benefits.

### **Accounts payable**

The company recognizes a financial liability when its contractual obligations arising from past events are certain and the settlement of which is expected to result in an outflow from the entity of resources embodying economic benefits.

### **3.04 Statement of cash flows**

শীর্ষে ২০  
বছর

সিমেন্ট রপ্তানিতে ৩বার জাতীয় রপ্তানি ট্রফি অর্জন করেছে ক্রাউন সিমেন্ট। গুণগত মানের ধারাবাহিকতায় দেশে যেমন, বহির্বিশ্বেও তেমন ক্রাউন সিমেন্টের চাহিদা ক্রমাগত বৃদ্ধি পাচ্ছে। ক্রাউন সিমেন্ট রপ্তানির মাধ্যমে বাড়ছে দেশীয় পণ্যের সুনাম। সেই সাথে বৈদেশিক মুদ্রা অর্জনের মাধ্যমে জাতীয় উন্নয়নে বিশেষ অবদান রাখছে ক্রাউন সিমেন্ট। এ গর্ব বাংলাদেশের।
